## Banning Has Plan to End Bottleneck

City Approves Plan to be Presented to Highway Board

City of Banning has approved a plan for the proposed freeway through that Pass city to eliminate the traffic bottleneck on Ramsey and has sent the plan to the state highway commission for study.

Rerouting of Highways 60-70-99 through Banning has long been a subject of discussion and argument. The present route, along Ramsey street, is too narrow and cost of widening would be prohibitive, engineers say.

STATE ENGINEERS had tentatively approved a plan whereby the route would enter the city east and west and then swing south of the Southern Pacific tracks utilizing two underpasses. The Banning plan has the same entrances but puts the highway on Livingston street north of the tracks. It provides for interchanges at each end of the city and two other streets and for grade separation at San Geronimo, main north and south street and at Highway.

City Engineer Don Davis of Banning who prepared the map said the route south of the tracks is not acceptable to the city and Ramsey is not acceptable to the state.

LIVINGSTON offers a compromise and a basis for negotiations, he said.

City councilmen said that they would prefer to keep the route along Ramsey but since that is impossible, will do all within their power to keep it north of the railroad tracks. A plan whereby Ramsey and Livingston would both be used as one-way streets, was also discussed.

The Banning bottleneck is one of the few remaining between Palm Springs and the metropolitan and beach areas. In times of big events in Palm Springs or on the desert, it has been jammed with vehicles causing serious delays.

## This Side of the Sun

It's hot I wot

If that isn't enough of a so-called verse... write one yourself... I'm in a sweat about this weather... But we won't say anything more about it... Ryland M. Gorham, Pop, that is, the postmaster, would probably keep you from getting this paper if I did... There's a law, you know.

AFTER THE WEEKEND which I spent happily watching the geese and the goose girl in the neighborhood of Inglewood, I can't resist the temptation to remark that when Citation won his first million he heighed: "That ain't hay, you know." That reminds me, it isn't going to be long before they're going to have to have separate roads for trucks... The highway was jammed from Palm Springs to Inglewood last Friday... Trucks everywhere, some going eight miles an hour ahead of you and others going 50 and breathing down your neck... I hate to pass those hay trucks fearful that the bales are going to tumble and I hate to have a big tank truck and trailer nudging the tail lamps.

SEE WHERE one Dr. Frederick Gros says earthquakes have been much milder and if it hadn't been for some good jolts, we wouldn't be as well off as we are... They brought us the scenery we have and the water, he said... Perhaps he has something... But I still maintain that I believe that a few light ones are good for us because then we won't have a heavy one... You've got to go out of town to get the news... Reading the San Francisco Chronicle the other day I saw

## Village School Bus Safety Movie Now Shown Across U. S.

"The School Bus and You", safety picture taken in Palm Springs with a Palm Springs cast, children, police and educators, is now being shown all over the nation and its use is being spread farther each month, George Bond transportation chief for the Palm Springs Unified School district, said this week.

Bond is now on the coast working with the Long Beach police department of safety and speaking in many southland cities on school safety.

THE PALM SPRINGS plan was outlined to educators and safety workers in Orange county this week by Bond.

He said that prints of the school bus motion picture taken here and produced by Progressive Pictures Corporation has been bought by school districts as far south and east as Tallahassee, Florida, Louisville and Frankfort, Ky., Salem and Port-

land, Ore., and many other points. Southern California counties are buying prints for showing in schools and elsewhere.

THE PICTURE shows the crossing guards methods of safeguarding children getting on and off buses and the cooperation of local police in safeguarding the youngsters.

The picture was made, said Bond, through the cooperation of the community, city government, City Manager Russell Rink, the school district and the police department.

## Civic League Charges Tax Load Put on Palm Springs Too High and Inequitable

Palm Springs, third city in the county in population is second in assessed values. Its per capita valuation is first in the county.

But the Palm Springs Civic League believes the assessed value of Palm Springs is too high and in appeals to the board of supervisors Monday sought for a reduction.

The matter will be discussed at a public hearing July 26.

AT RIVERSIDE Monday Attorney Max Gifford, appearing on behalf of the Civic League charged that Frank Burchfield, county assessor, was discriminating against the Village and asked supervisors to overrule him and reduce assessments.

Gifford said properties in Palm Springs were assessed more than comparable properties in other communities.

GILFORD told the board he was protesting the valuation of approximately \$1,000,000 placed on

a dozen different properties which he said he was using just as an example.

Other property owners also protested and the board set July 26 as the date for hearing of complaints when they will meet as a board of equalization.

Burchfield told the board he was sure the valuations were fair but that he had not yet had time to study the complaints.

ANOTHER WHO protested to the board Monday was Saul Rink, local attorney. He asked supervisors to UNFAIR, Page 5

## Quick Work Saves Life of Villager, Unconscious in Pool

Robert Colvin, 38, bartender at the Palm House had a close brush with death by drowning Wednesday night.

Colvin, in company with Mr. and Mrs. Hugo Grom, decided to take a night plunge in the swimming pool at 356 El Portal. Already in his swimming attire, Colvin decided to take a preliminary turn about the pool while waiting for Mr. and Mrs. Grom to change their clothes.

According to Dr. C. H. Baldwin, Colvin plunged into the shallow end of the swimming pool and struck out for the opposite deep

end. Something happened, he informed the doctor.

"I EITHER struck my head against the opposite side of the pool or began to flounder in the deep end of the pool," said Colvin. "The next thing I remember is finding my friend Grom working over me."

Police Sergeant Jim Maynard's report indicates that after changing into a swimming suit Mrs. Grom walked to the pool and was astonished when she found no trace of Colvin. Running along

## Gain in Village Business Shown in Peterson Report

Business in Palm Springs was much better during the fiscal year which ended June 30, 1951, than in the previous fiscal year, Robert W. Peterson, city treasurer, revealed in his annual report of sales tax collections and parking meter takes in the Village.

Parking meter receipts for the 1950-51 year were \$275,200 higher than the preceding year and the sales tax "take" was \$28,058.18 higher in the 1950-51 year than in the 1949-50 year.

SALES TAX total for the year between July 1, 1950 and June 30, 1951, was \$18,868.67. For the same period in the previous fiscal year, the receipts were \$16,113.47.

Total receipts since the parking meters were installed in March, 1949, were reported by Peterson as \$41,524.53.

Prior to June 15, 384 meters were in operation. Since that date, 246 have been in operation.

TOP MONTH for collections was February when \$2,510.89 was chunked in by motorists.

has been repaid from receipts of the meters.

City sales tax collections for the fiscal year of 1950-51 also set a new record Peterson said.

DURING THE YEAR between July 1, 1950 and June 30, 1951, sales tax collections amounted to \$126,079.58. In the previous year, the collections totalled \$98,021.40. Best month during the 1950-51 year was May when the total was \$23,122.39.

Total collections from sales taxes in the past four fiscal years, from July 1, 1947 to June 30, 1951, amounted to \$460,191.71.

THE BREAK-DOWN by fiscal years for the four-year period was reported by Peterson as follows:

1947-1948	\$122,277.48
1948-1949	\$131,813.25
1949-1950	\$98,021.40
1950-1951	\$126,079.58

Half of the sales tax collections goes to the capital outlay fund for purposes of public improvements such as buildings, parks, recreation facilities, streets and the like.

# Supervisors Predict 30-Cent Reduction in County Tax Rate

## New Desert Bar Group in Operation

Judge Therieau Named President and Plans Mapped

Judge E. E. Therieau of Palm Springs was named president as the newly-formed Desert Bar

association completed its organization at a meeting held at Palm Desert.

Judge Wallace Rouse of Indio is vice president and Warren Slaughter of Palm Springs, secretary-treasurer.

The above officers with Roy Colegate and Rex Hardy of Palm Springs and Fred C. Woolpert and Alex Staples of Indio, form the board of trustees for the association.

Judge Therieau

MAIN PURPOSE of the organization is betterment of court procedure in the desert area and the first steps toward this is establishing regular superior court sessions at Indio and Blythe for the desert.

Attorneys Hardy, Slaughter and Woolpert were elected for three year trustee terms, Judge Rouse and Attorney Colegate to two year terms and Judge Therieau and Attorney Staples to one-year terms.

SECRETARY SLAUGHTER said the association would be of great benefit to the Palm Springs area and all of Coachella valley. He said it was a step long overdue and that a full enrollment of all qualified lawyers and justices in the area is expected.

First steps toward organization were taken a few weeks ago and upon arrival of incorporation papers this week, the new association started functioning actively.

"ESTABLISHMENT of a department of the superior court in the desert area would mean that all cases involving local people would be tried locally," said Slaughter. "This would save immeasurable time and money waste. As it now stands, litigants are compelled to travel all the way to Riverside, transporting witnesses, which involves conduct pay and often the trips are fruitless because of delays in cases or the overcrowded court calendar," Staple said.

Members of the new organization have already rendered a substantial service, President Therieau said, by getting the board of supervisors to allow \$4000 for acting superior court judges to sit in session in Blythe and Coachella Valley. Next step is up to the judicial council of California.

MEMBERS of the legal profession in Blythe have expressed a desire to affiliate, and the purpose of the organization has the backing of the board of supervisors, Judge Therieau said.

"Supervisor Homer Varner has been most helpful in our project, as have others of the supervisors in making the \$4000 available."

City Clerk Louise McCarn

reminded Village business men this week that city licenses became due July 1 and become delinquent July 31.

All unpaid license bills at that time will carry a ten per cent penalty under the city license ordinance.

Since the city hall is closed Saturdays, there are only seven business days left in which to

City License

They're Due; Will be Overdue Soon

City Clerk Louise McCarn reminded Village business men this week that city licenses became due July 1 and become delinquent July 31.

All unpaid license bills at that time will carry a ten per cent penalty under the city license ordinance.

Since the city hall is closed Saturdays, there are only seven business days left in which to

## Civil Service Plan on File at City Hall

16 Petitions to be Circulated Starting August 1 on Bill

President Robert White of Palm Springs Police Officers association Wednesday filed with City Clerk Louise McCarn

affidavits of publication of the ordinance seeking to establish civil service for Palm Springs city employees.

Circulation of petitions seeking an initiative election to bring about passage of the ordinance will start on August 1, President White said.

HE SAID that 16 copies of the ordinance would be circulated and was confident a sufficient number of qualified names would be obtained to bring the matter before the city's voters.

Attorney Saul Ruskin, counsel for the group seeking passage of the ordinance, said that on the basis of the last city election, approximately 500 names would have to be signed to the measure.

White said that he had already heard from approximately 200 persons who wished to sign.

THE ORDINANCE, if adopted, will create a civil service board of from three to five persons. It prohibits the discharge of any employee without cause and provides for hearings for final decisions of any charge.

Council shall determine the number of commissioners. If three, one would be named by city council, one by the association and the third by the two first chosen. In the event of a five man board two would be named by council, two by the association, and the fifth by the first four named.

The ordinance which will go on the ballot if sufficient signatures are received is similar to one rejected by council last year. A counter proposal by City Manager Russell Rink was also tabled.

Assessments

County Ratio to Market Value, 43%

State board of equalization figures released Wednesday revealed that the ratio of assessed valuation to market values in Riverside county is 43 per cent.

The state average is 40 per cent, the board determined. Trinity county with 24 per cent is lowest, Orange and Tuolumne with 46 per cent the highest.

San Bernardino county's ratio is 32 per cent.

Col. Arnold said that speed of airplanes had so advanced that automatic controls had to be developed as the human mind could not function fast enough to handle the firing power and the like. The Sonic barrier is a forgotten thing he said but that breaking it meant much research work on new devices to take advantage of the new speed, cooling devices for

See LEGION, Page 5

COL. ARNOLD also showed a film on "Strategic Air Power" which proved highly informative on the vast strides made in aerial warfare.

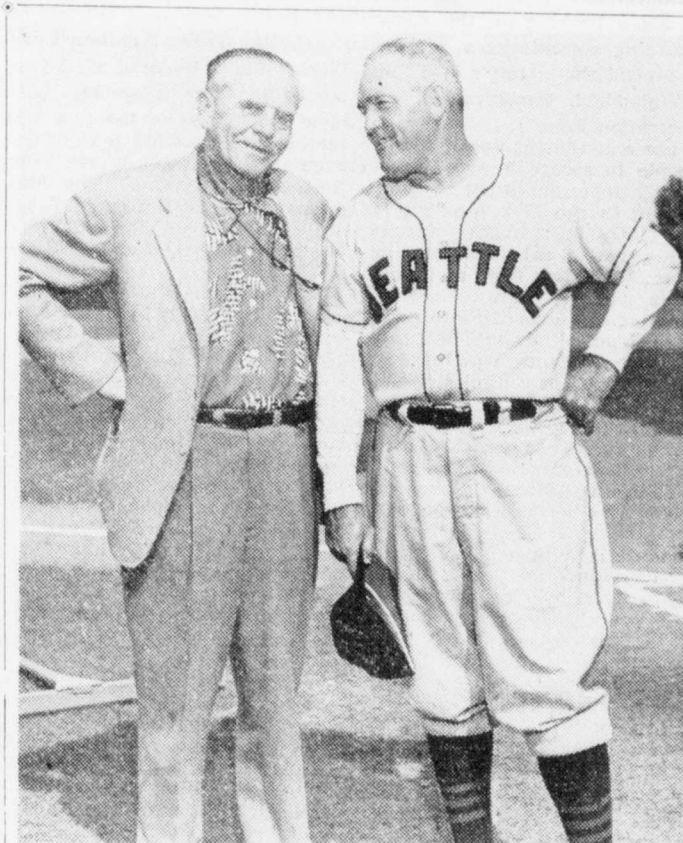

Oliver Launches Campaign to Eliminate Hell's 10 Miles

Harry Oliver, commander of Fort Oliver at Thousand Palms and editor of the Desert Rat Scrap Book, broke into print again this week after a comparatively (for him) long silence.

This time it was with a blast at the state division of highways for "dragging their feet" on the improvement of what he calls "Hell's Ten Miles," the stretch of highway extending from Thousand Palms to Garnet.

"THERE'S TALK and an argument on about widening Ramon road and complaint that Palm Springs isn't cooperating because they're afraid they'll get all of the trucks," said Oliver.

"Hek, they are getting the timid truck drivers now. If they, the folks in Palm Springs would get behind me and my one-man battle to improve that dangerous

COMING BACK — Emil Sick, left, says that if salary counts, Rogers Hornsby, famous baseball figure, right, will be with the Seattle Rainiers here next spring for his second year.

## SICK SAYS HORNSBY TO RETURN HERE IN 1952

Rogers Hornsby, colorful baseball figure for the past decade, will be back in Palm Springs next spring with the Seattle Rainiers when they train here for the third season if salary counts for anything.

Emil Sick, owner of the Seattle club, said Wednesday in Seattle, that Hornsby would not leave the Rainiers to take over the management of the St. Louis, American League, Browns.

"It's positive that Hornsby won't leave Seattle this year to go to the Browns and it's almost certain that he won't next year," said Sick. "We are prepared to pay him a top salary to stay."

Sick's statement followed a talk with Bill Veeck, now owner of the Browns in which he told Veeck that it would be impossible to let Hornsby go this year — "and I hope not next."

As for Hornsby, he is quoted as saying "Whatever Mr. Sick says goes. I won't run out on my contract and I'm glad they want me next year."

Amazing developments in Aerial Warfare Described in American Legion Talk

Amazing developments in airplane speed, radar and guided missiles were touched upon in a highly interesting talk by Col. Carl G. Arnold, public information officer at March Air Force Base in a talk at World Wars Memorial Hall Tuesday night.

It was the second in a series of Community Service programs being staged by Owen Coffman post, American Legion, Graham Dexter, post commander, presided and introduced the speaker.

Col. Arnold said that speed of airplanes had so advanced that automatic controls had to be developed as the human mind could not function fast enough to handle the firing power and the like. The Sonic barrier is a forgotten thing he said but that breaking it meant much research work on new devices to take advantage of the new speed, cooling devices for

## Total Rate in Palm Springs Due for Drop

City and School Rate Unchanged; Two Rates Higher

Good news came for taxpayers yesterday. With city council planning to hold the line on city taxes and the school board also determined to avoid an increase, the local tax rate will drop despite a slight boost in the flood protection rate and plans of the Mosquito Abatement board to ask a limit levy for their work.

County Auditor Ray Hicks and county supervisors yesterday agreed that the county rate will be cut at least 30 cents under last year's rate of \$1.93. Supervisor Homer Varner of this district brought the good news to Palm Springs early yesterday.

BEFORE YESTERDAY supervisors had cautiously hinted at a 5-cent cut and more recently Supervisor Homer Varner of this district forecast "a slight slash". Yesterday's announcement came as a welcome surprise as a result.

The thirty-cent reduction, if it is made, will mean a net slash of at least 18 cents per \$100 for Villagers in the pest abatement district and 29 cents outside of the district. The abatement board recently sought a 15-cent levy against four cents last year and while the local flood zone rate will be unchanged, the county share, one cent last year, was fixed at two cents this year.

AUTITOR HICKS said that a 30-cent cut would mean a \$15 saving to the average home owner whose place is assessed at \$5000.

He said there are several causes for the reduction. One, he said, was due to the fact that supervisors developed a "tight" budget this year, without padding.

Another is that last year the county welfare department over-estimated what it would have to spend. As a result supervisors budgeted several hundred thousand more than needed and there was a balance of \$300,000 for this year.

THIRD MAJOR factor in a lower tax rate, Hicks said, is an eight per cent increase in assessments.

See TAX CUT, Page 5

COL. ARNOLD also showed a film on "Strategic Air Power" which proved highly informative on the vast strides made in aerial warfare.

Oliver Launches Campaign to Eliminate Hell's 10 Miles

Harry Oliver, commander of Fort Oliver at Thousand Palms and editor of the Desert Rat Scrap Book, broke into print again this week after a comparatively (for him) long silence.

This time it was with a blast at the state division of highways for "dragging their feet" on the improvement of what he calls "Hell's Ten Miles," the stretch of highway extending from Thousand Palms to Garnet.

## Ramon Road to Get Wider Shoulders

County to Spend \$6000 on Project in Current Year

Ramon road, widening of which has recently been the subject of argument, will be made six feet wider during the current fiscal year. Horner Varner, supervisor for the Fourth District said Tuesday.

Three-foot hard shoulders will be added to "stabilize" the present shoulders Varner said.

Complaint about the narrowness of Ramon Road from citizens of Thousand Palms and others living east of the Village had been that the road was dangerous because of the soft shoulders.

Varner said the county road department had included the hard shoulder job in its budget for the fiscal year which began July 1. The project is mapped from Palm Springs city limits to the intersection of Ramon road and Highway 99 at Thousand Palms.

Cost was estimated at \$6000.

## Sidewinder

Mrs. Coffman Victim of Bite; Recovering

Mrs. Earl Coffman, prominent Villager and wife of the co-owner and operator of the Desert Inn, was reported recovering this week at San Geronimo Pass Memorial hospital from the effects of a rattlesnake bite last week.

The incident occurred while she and her husband were walking in the hills above their Lazy Acres summer home in Banning.

Coffman said that it was exceedingly fortunate that antivenom serum was immediately available at a Banning drug store.

The snake was a small one of the sidewinder variety and Mrs. Coffman was bitten on the hand.

Daughter Born to Mrs. Don Flax

A baby daughter was born to Mrs. Phyllis Flax, wife of Don Flax at Community hospital, Friday, the 13th. The Flax home is at 115 Palo Verde and he is employed by the Loan and Finance company, 444 North Palm Canyon.

## Hasty Thief Steals \$12 But Misses Much Bigger Sum

Shields Date Gardens salesroom on Highway 111 a few miles east of Palm Springs was raided Sunday night by a thief who apparently was in a big hurry. He took \$12 and missed \$1500.

E. F. Wilson, manager of the famed fruit packing-sales firm, said L. G. Barrow, packing house foreman who lives next door to the sales room apparently frightened away the thief. The stolen money was in halves and quarters. An estimated \$1500 in currency was not taken.

Barrow heard noises in the salesroom at 9:30 p.m. but seeing nobody returned to his quarters. The next morning the theft was discovered and it is believed the thief heard Barrow and fled before picking up the larger sum.

Entry was gained by tearing a screen at the rear of the building.

Wilson said that the thief was apparently familiar with the premises as he knew where to find the silver. Indio sheriff's deputies are investigating the theft.

## Watershed Zone Report on Crime Change is Urged Preview Heard

Supervisors Tuesday set Aug. 13 for a hearing on the county planning commission's proposal to amend the county's W-2 Zone ("Watershed, Conservation, and Recreation Zone").

The amendment would require permits to secure a permit from county government before establishing in the W-2 Zone any of the following: cattle feeding yards, cattle sales yards, commercial stables, fruit and vegetable packing plants.

At present, any of those enterprises can be established in a W-2 Zone without a permit.

The planning commission said that the W-2 Zone is "primarily for underdeveloped areas where trends of development have not as yet been established."

The commission said that cattle feeding yards and the other uses have a strong effect on trends of development and should be controlled.

After the hearing, supervisors will probably vote on adoption of the amendment.

## Ask Federal

Government to End Water Suit

Riverside County Association of Chambers of Commerce will ask California's senators and congressmen to work for withdrawal of federal suits against Santa Margarita river water users. Meeting at Idyllwild Monday, directors adopted a resolution condemning the suit as "an action without merit."

The government is seeking the water for Camp Pendleton.

Shriners Prepare to Start Season

Local Shriners have been notified by Potentate Bill Froelich of Al Maloia Temple that the fall season will open early and "with a bang."

The program calls for a stag luncheon Sept. 6 at Biltmore Bowl, a family show at San Bernardino September 7 and the same show at the Shrine auditorium September 8.

## Change in Name of County C. of C. Voted by Board

Splitting 3 to 2, supervisors Monday voted to change the name of the county chamber of commerce to the "County Board of Trade."

For the change were Supervisors Sherman Lewis, B. C. Barnes and Irwin Hayden. Against were Homer Varner, of this district, and William Jones.

LEWIS, San Jacinto resident, proposed the change. He said there was too much confusion between the Associated Chambers of Commerce and the county chamber.

Varner, who was instrumental in forming the associated chambers, opposed the change. He wanted to know if the county chamber of commerce was going to be revamped and changed as well as the name.

Lewis said the change was going to be in name only.

HE SAID that there was no legal connection between the two bodies and a change in name would end the mistaken impression that there is.

The county chamber of commerce is made up of five supervisors and five directors appointed by the supervisors and its function is to advise the county and bring in industry.

The associated chamber is composed of a member of each county chamber and its function is to promote and advertise the county. When it was organized Varner said he hoped it would work closely with the county chamber.

## Grape Shipments to Hit Estimate

Up to Monday night, 520 express and 10 freight cars laden with Coachella grapes had been shipped to markets, William Stockheimer, agent for Pacific Fruit Express at Coachella said Wednesday.

Pre-season estimates set the harvest at 650 cars and this figure may be reached, Stockheimer said.

## Councilman's Son Now on Mine Sweeper

Charles R. Veith, radioman, second class, USN, son of councilman and Mrs. William H. Veith of 1563 South Palm Canyon drive, is serving aboard the mine sweeper USS Redstart participating in UN Naval action in the Far East.

The Redstart was recommissioned from the "mothball" fleet last December, and sailed for Wonsan, Korea, where she, and other mine sweepers, conducted extensive operations to open that port for Naval bombardment.

## Safeway Expert Says Milk Price Methods Unfair

Joe Butler, manager of Safeway Stores here, this week received word that a milk specialist for the big grocery chain testified at a state hearing Tuesday that "unfair" pricing methods force persons buying milk in grocery stores to pay more than they should.

O. Grover Steele, said a recent half-cent increase in the retail milk price would cost consumers about \$500,000 a year because more than 50 per cent of Safeway's milk customers buy one quart at a time and lose the other half cent.

Steele supported a request of producers for a one-cent increase, but said it still would be possible to reduce the retail price by half a cent.

## Carnivals Meet Board's Dislike

Supervisors do not like professional carnivals. They denied a request Tuesday from Pedley chamber of commerce that fees for a carnival to be staged as a benefit, be waived.

Supervisors said carnivals persuade local organizations to sponsor them, come in, take a quick profit and leave the local organization next to nothing.

They said the county fee of \$15 daily plus \$5 if there's a merry-go-round would stand.

## Pest War

War on Gnats to Cover More Area

Coachella Valley Mosquito Abatement district which includes a part of Palm Springs had had "gnats for gnats" this week. The battle ground is going to be expanded westward in the date gardens as result of a gift of \$1000 worth of chemicals, Dr. Ernest Tinkham, entomologist for the district said.

Velsicol corporation of Chicago donated enough chlordane and heptachlor to treat an additional 300 acres of orchards and date gardens in the Indio area, Tinkham said.

Originally the program would have had to end with treatment of 5500 acres in the Coachella union high school area. Left over chemicals from the \$5000 worth being used there will also be used in the Indio district.

Men of the U.S. Army 45th Infantry Division have contributed 119,000 yen (\$330) to help install lighting on one of the main streets of Sapporo, Japan.

## Johnson Officially Awarded Bendix Soaring Trophy

Bendix Aviation corporation made it official last week when they awarded the Bendix Gold Trophy to Richard Johnson, son of Mrs. Raymond Cree of Cree ranch, Cathedral City.

Johnson the week before had soaring 365 miles from Elmira, New York, to Norfolk, Va., breaking the previous soaring record by 40 miles. Award of the trophy was held up until returns from all entries in the 18th National Soaring contest were in.

Johnson's victory was by 152 miles, second place going to William Coverdale of Chattanooga, Tenn., who went 213 miles.

It was the second straight year that the son of the Villager won the national contest.

The old record, set in 1947 by John Robinson of Arcadia, was 325 miles. Johnson who is 28, has been interested in gliders since he was 15.

## July 31 Last Day to File Returns on Job Taxation

Tuesday, July 31, is the deadline for filing California unemployment insurance wage reports and contribution returns covering the second quarter of the year, William W. Webster, auditor in charge for the state department of employment in Riverside this week reminded employers.

Penalty and interest charges will be added to the amount of contributions if the report is filed after the deadline, Webster said. In addition, employers who are delinquent in paying their contributions may jeopardize their chances of earning a lower contribution rate for the next year.

Webster also reminded employers that under the California law employer and wage earner contributions are limited to wages of \$3,000 paid to an employee by each employer, whereas the Federal Insurance Contributions Act requires contributions on \$3,600 of wages.

Employers needing assistance in preparing their returns may contact his office at Rm 214, 3610 Eighth street in Riverside, or by telephoning 5540 Extension 11.

## THIS SIDE OF THE SUN

where Charles Farrell, FORMER mayor of Palm Springs was building a house at La Jolla. Must have slept through that election.

**BEFORE I FORGET** I want to thank all of you kind people who seem to be agreed on the plan for reform of the calendar. . . . But I can't see why you want to fix it so that every 13th comes on a Friday. . . . Besides, Mrs. G says she is too busy. . . . It's stipulated in our agreement that I cannot change a thing she writes unless it's libelous. . . . Some of it is, I think. . . . But our legal in-law who is a superior court judge, always rules in her favor. . . . But I got even last week. . . . There's nothing in the agreement which says where the column must start. . . . So I put it down within four inches of the bottom of the page last week. . . . And was served notice that next time it must start above the fold. . . . Getting as temperamental as an advertiser.

availability of quick transportation service to the higher, cooler altitudes, in summer especially, would afford quick, convenient relief from the desert heat in July, August and September. . . . Who says it's hot? . . . One at a time, please.

**I LIKE TO COLLECT** odd headlines and classified ads from the newspapers. . . . Of course, some of the choice boners in my book are mistakes I made myself. . . . I never talk about them. . . . But here are some recent classified ads I liked: From a New York paper: "Want woman to hook rugs and a salesman," and from a Massachusetts paper: "Wanted, part-time married girls for soda fountain," then this one from Pennsylvania: "Farm Hand, must be able to milk and drive a car." . . . From Florida: "Two apartments, one woman in each. All electric." . . . And there was another one from Kansas in which someone advertised for "three part-time refined women."

**PERSONALLY**, I think that's enough for today. . . . From the way people ask me "Is it hot enough for you?" I am inclined to repeat that old remark: "It isn't the heat, it's the humidity."

**BIGGEST** in shoulder room  
**BIGGEST** in hip room  
**BIGGEST** in Savings

**BIGGEST** in luggage-compartment volume, too! Yes, Ford alone in the low-price field gives you so much living room. . . so much storage space. And for the biggest savings in the low-price field, you can't beat Ford's V-8 and Six engines. Both feature high compression performance on regular gas!

**FORD**  
Come in and "Test Drive" it!  
**CENTRAL MOTORS**

**LONG on looks... on life... on convenience**

**Servel**  
The GAS Refrigerator

**No moving parts to wear out!**  
When you buy a Servel Gas Refrigerator, you can expect really LONG life from it. This is because the Servel Freezing System is different from all others. A tiny gas flame does the work of a motor or machinery... makes ice and cold to give full protection to your food. Because there are no moving parts to make noise or wear out, Servel stays silent and lasts longer.

**And long on warranty — 10 years!**  
Servel Gas Refrigerator is LONG on convenience, too. And it's smaller on the outside to save valuable kitchen space, yet larger on the inside to give you more storage space. You get lots of room for frozen foods... quick-change shelves... and many other features. When you see the eight beautiful models, you'll agree that the new Servels are LONG on beauty, too. Best of all, prices are even lower. Visit any dealer's or your Gas Company soon.

**Separate Freezing Compartment**  
The full-width Freezing Compartment in the model illustrated has a 2-cubic-foot capacity. It will hold as much as 70 lbs. of meats, vegetables, fruits and ice cream as well as ice cubes. The separate door not only makes access easy, but also seals freezing cold inside.

**SOUTHERN CALIFORNIA GAS COMPANY**

**ALL THAT'S NEW AND SILENCE, TOO!**

**GAS Refrigeration**

Now more than ever your best value is

# Widening Job to be Finished in December

City Manager Rink Sets Tight Schedule for Big Project

Following council's request that widening and paving of Indian avenue from Alejo road to Ramon be speeded, City Manager Russell Rink outlined a tight schedule for the project to insure its completion by December 4. Authorized at last week's city council meeting to advertise for bids for the project, Rink said that bids would be called July 23. They will be opened August 21 and the contract let August 23.

Work will start September 4 and be completed three months later.

THE PROJECT will be paid out of bond money voted in 1949, when Villagers authorized the expenditure of \$185,000 for widening Indian avenue and other streets and providing new streets. The project will cost about \$100,000.

Bids will be asked for the entire project instead of two sections as first planned. They will cover all of the mile-long project with the exception of around 200 feet before the Indian bath house.

HERE THE PLAN calls for a concrete culvert to take care of spring waters under the street which have been giving the engineering department trouble because they are undermining the road.

Council last week urged speed on the project to prevent flash floods during the height of the season.

## Superior

Local Airport Wins Award Third Year

Palm Springs airport, Mrs. Mary Nelson, manager, won high honors for the third year in a row from the Airplane Owners and Pilots association. The port was given a "superior" rating.

The rating of the airport is determined on reports made by individual fliers who land at fields throughout the country. These reports are voluntary on the part of members who check more than 50 items concerning the operation of an airport. These reports compiled at the end of a 12-month period determines the rating of each airport.

According to the awards mailed each year, an excellent rating is beneath that of a superior one. Those that are rated below good are usually "blasted" by the Airplane Owners and Pilots' association which boasts of a membership of more than 75,000 aviators.

## Ramon Drug

Hy Finerman Buys Brother's Interest

Hy Finerman announced Tuesday that he is now the sole owner of the Ramon Drug, 454 South Indian avenue. On that day, the deal whereby he bought the interest of his brother, Morris Finerman, was completed.

Morris Finerman will remain at the store as manager, Hy Finerman said.

"The policy of the store will be unaffected by the change in ownership," Finerman said. "Ramon Drug is dedicated to the health and service of the many people in and around Palm Springs. Our policy will be to continue to give Palm Springs a most complete drug store."

Couty Sanitarian Wins Section Office

Leonard Miller, director of sanitation for the county health department, has been elected to the board of directors of the Southern California Section of the National Association of Sanitarians. It was announced in Riverside this week.

## LAFF OF THE WEEK

"I Just Can't Seem To Look People In The Face When I Talk To Them, Doctor."

## Scientist Says Earthquakes are Good for the Country

This will probably start an argument but—

Earthquakes have been much maligned—at least, our desert brand of temblors.

Take the word of Frederick Gros, professor of geology at University of Redlands, who says earthquakes have been the makers of Coachella Valley—responsible for our underground water supply and nearby mountain resorts on the upthrust slopes of San Jacinto.

Dr. Gros valued temblors at billions of dollars to the country, pointing out that underground movements along so-called large fracture zones called earth faults, over the past ten million years have elevated the San Bernardino and San Jacinto mountain ranges into top ranking recreation and watershed areas.

"OUR ENTIRE AREA would be only a monotonous plain and low-hill country had not our glorious mountains been slowly elevated along these fracture lines," he said.

He explained that the valley is nestled between two of the state's better-known and most active faults, the San Andreas and the San Jacinto.

Our surface springs—from Auga Caliente (Palm Springs) all along the eastern escarpment of the Valley—come from the usually maligned "shakes," Dr. Gros pointed out.

THESE FRACTURES where slippage occurs serve as channels for ascending warm waters to reach the surface. Through the years water pouring up from these cracks gave up a multi-billion dollar groundwater reserve."

Giving his views during an interview session conducted by the San Geronio section of the American Chemical Society, Dr.

Gros was optimistic too about the desert's safety compared to other sections of the country.

"Our chances of survival here are considerably greater than in many localities subject to such other natural phenomena as electrical storms, floods and tornadoes," he insisted.

## Slaughter Quits Indio D. A. Job

Because the press of private business was too great, Warren Slaughter, former deputy city attorney, has resigned his position as deputy district attorney for the Indio district.

His resignation was presented to W. O. Mackey, district attorney, last week.

Slaughter has offices here at 444 North Palm Canyon drive. Mackey announced Tuesday that he had appointed Richard Marsh, Alhambra and Los Angeles attorney, to the post vacated by Slaughter.

## Zinn Scheduled to Hear Fate in Court Monday

Lloyd Zinn, 38, former Palm Springs service station operator, convicted by a superior court jury of furnishing marijuana to two teen age youths, is scheduled to appear before Judge O. K. Morton in Riverside Monday to hear his fate.

Zinn was convicted by a jury after six hours of deliberation. He asked probation. A ruling on the latter plea is expected Monday.

JUDGE MORTON denied the appeal of Zinn's attorney, William Shaw that the Villager be allowed to go free on \$25,000 bail and ordered him to the custody of the sheriff pending sentencing. Zinn has been in county jail since conviction. He had been out on \$2,500 bail previously.

Zinn and three others were arrested by police in the marijuana case. One, a woman, was released and the other two men are now serving terms for their part in the case.

CONVICTION of Zinn followed testimony of the two youths and of Chief of Police, A. G. Kettmann and Officer Bob White of the local police.

The trial took four days to complete.

## Fire Hazard

It's at Peak in Idyllwild Area

Federal and state rangers in the Idyllwild area this week united in declaring the fire situation in the mountains critical. Streams are low and the effect of late snows in April and May have vanished.

Residents are hopeful that summer thunderstorms will bring rainfall without lightning damage. A small blaze last weekend, probably started by smokers, was quickly subdued after being spotted from Tahquitz lookout.

## Romero Home Has New Daughter

Mrs. Betty Jean Romero, wife of Edward Romero, became the mother of a daughter at Community hospital last week. The baby weighed six pounds, three ounces at birth.

Romero is employed at the L.A. Lathing company and their home is in Hattchett's court.

## Southland Population Will Double by 1965, Prediction

Riverside county realtors were told last week that the population of southern California will double in the next 15 years. The forecast was made by D. D. Watson, state real estate commissioner, who spoke in Riverside last week before 175 county real estate brokers.

Watson told the brokers the influx would be largely composed of workers in new industries and retired persons—creating a vast demand for homes.

Watson spoke more than an hour, explaining new real estate regulations, telling of southern California developments and describing the possibility of obtaining Feather River water for this area. Gov. Earl Warren, he said,

is "quite optimistic" the program will be put into effect.

Following the commissioner's address, he led an hour-and-a-half discussion centering on questions submitted from the floor. Ray D. Westcott, chief deputy commissioner in the Los Angeles division preceded his chief with a short talk.

The program was sponsored by the Riverside Real Estate Board, whose president, Claude Smith, presided. Smith termed the real estate meeting the "most educational" ever held in this district.

Morita Fukui recently took office as Japan's first professional baseball commissioner.

## PUBLISHER'S CORNER

cultivate them, supervise their activities, not necessarily keep them under your wing, but to be their counsellor and benefactor, and be close enough to them to make them want to follow our advice and to respect our wishes and supervision, and keep them from having the mistaken idea that we're interfering with their pleasures or plans.

Most of us here in Palm Springs have done and are doing a splendid job toward the task of helping our boys and girls to be a credit to their schools, families and community. Thanks to a very aggressive School Board and a recreation minded City Council, we have a recreational program of which many a city would be proud. We have many active, civic minded individuals, groups and organizations who have given much of their time, effort and earnings toward our overall Youth effort. The Boy Scouts have their own clubhouse. The Girl Scouts likewise, we have a Youth Center with facilities comparable to the best in the State, we have our own Boys Club with many facilities and ample floor space with tennis courts, swimming pool, a much needed softball diamond, a Community Center for the recreation of adults as well as the youngsters, public playgrounds and picnic areas. We also have a police force who make a definite effort to understand the youth problems and who work for and with the various youth groups instead of trying to make them toe the mark, so to speak. We also have many Trailer Parks and Guest Ranches who have their own recreational programs which fill a great need in our community. Having recently visited several Youth Centers, Community Centers and other public facilities throughout Southern California, I arrived at the conclusion that we are quite fortunate here in Palm Springs. We have citizens and groups who really care about properly providing for our youth; we have facilities which any city would be proud to own and maintain; and we have a splendid lot of youngsters who present us with fewer problems than an outsider could imagine. If you doubt that statement, just visit a few cities and talk with the Youth Authorities as I did. Naturally there are a few exceptions, but on the whole our youngsters are a grand bunch.

Viva la juventud de Palm Springs.

## Cathedral City Drug Store Fire Damage, \$4,500

Flames which broke out in Hart L. Kopp's Cathedral City Drug store late Thursday night did \$4,500 damage before being subdued by Cathedral City and Palm Desert fire departments. Origin of the blaze was not known but fire officials said it was probably due to electric wiring. Damage to the stock of drugs and merchandise was estimated at \$3,500 and to the building at \$1,000. Forestry fire fighting units from Cathedral City and Palm Desert confined the blaze to the drug store preventing its spread to the rest of the building. The structure is located in the heart of Cathedral City on Broadway.

## Supervisors Want to Study Rent Proposal

Supervisors Tuesday said they wanted more time to study a proposal of Supervisor Sherman Lewis that the county reduce rent for employees living on county property to \$1.50 per room per month and furnish free meals to those who have to eat on the job. County Counsel W. O. Mackey said that the county should pay employees a fair salary and then charge them for lodging, meals and service at slightly below what they would have to pay elsewhere.

## Former Villager Safe in Honolulu After Sea Rescue

Ted Sierks, 40, formerly active in the Village in promotional photography for the Chamber of Commerce and other groups, is in Honolulu, safe and unharmed and he got there before the yacht, L'Apache aboard which he was a crew member, did.

Sierks was swept from the racing yacht during the annual Los Angeles-Honolulu yacht race and was rescued 30 hours later by a U.S. destroyer. The rescue was made just as the yacht was about to found the search. He was found floating on a safety ring.

The destroyer took him to Honolulu and he was there when the yacht arrived.

## Soapbox

### Undergo Inspection Tomorrow Afternoon

Four local lads, entrants in the annual All-American Soap Box Derby today had put the finishing touches on their racing cars preparatory to inspection tomorrow at 2 p.m. at Stack's Chevrolet agency, 330 East Sunny Dunes road.

After tomorrow's final inspection the model racers will be on display at the agency awaiting the preliminary zone tests at San Bernardino on July 28.

If successful at San Bernardino, one of them will go to Akron, Ohio, for the national finals in August.

Local entries in the All-American Soapbox Derby which will have its climax in Akron, Ohio,

## Post Office

### Senate OKs Bill to Raise Rates

Add another item to the high cost of living. In Washington Tuesday the senate post office committee approved a bill which will raise postal rates and bring in \$300,000,000 in added revenue. The measure would boost the rate on postcards from one to two cents and first class mail from three to four cents for first ounce, air mail from six to eight cents and air postals from four to five cents.

## Dr. Macartney Visiting Old Scenes in Pennsylvania

Dr. John Robertson Macartney, former pastor of Palm Springs Community church and now at Palm Desert Community church is in the east visiting his brothers, both ministers, and writes The Desert Sun from Beaver Falls, Pennsylvania.

"The college bell which was hoisted to its place in the high tower by 100 students hauling on the block and tackle, still rings out over the Beaver Valley, summoning the large body of students to their classes."

"Here in the old family home, now the college president's residence, I am spending a few weeks with my minister brothers. Dr. Albert Macartney, D.D., now with the 'Voice of America' for the state department and Dr. Clarence Macartney, D.D., pastor of the First Presbyterian Church in Pittsburgh, Pa."

"A great service of Intercession was held yesterday in that church. Throngs attended. Praying for peace."

## Varner and Lewis Get New Automobiles, Also Debate

Supervisors Hamer Varner, Fourth District, and Sherman Lewis, San Jacinto, has new Studebaker Royal Commanders and also an argument today.

Supervisor William Jones voted against the purchase.

August 12, are Robert Rock, 14, 832 Graves street, Cathedral City; Harry Watts Carpenter shop, sponsor; Richard Mounts, 14, Ramon Trailer park, Palm Springs, Builders Supply, sponsor; Richard Bigham, 13, Highway 111, Dill Lumber company, sponsor; Jody Robles, 841 East Arenas, Fred's Texaco station, sponsor.

"Supervisors shouldn't buy high-priced cars," he said. "They should stick to light cars like Plymouths, Fords, Chevrolets." Lewis objected strenuously. "They're not high-priced. I don't like that expression."

Supervisor B. C. Barnes said the Studebakers—\$1850 each plus tax—were only \$150 more than the light cars the board had previously purchased for the county.

Supervisor Hayden backed the purchase but Jones stuck by his guns.

"It's pretty poor public relations when we buy higher-priced cars for board members and not for other departments."

# DODGE "Job-Rated" TRUCK!

☒ **Plenty of power** for your job. Power has been increased up to 20% in eight great engines—94 to 154 hp. You get top economy, too—thanks to high compression ratio, 4-ring pistons with chrome-plated top ring, and many other extra values.

☒ **Maximum safety**—You get the finest truck brakes in the industry! On many models you get new, molded, tapered, Cyclobond brake lining for smoother, quieter, safer braking. And you'll ride in a welded all-steel cab with an extra-big windshield.

☒ **Easy handling**—You can turn, park, back up and maneuver with the greatest of ease... because of cross-steering, short wheelbase and wide front tread. Other aids to easy handling are the comfortable new steering wheel position and extra cab visibility.

☒ **Bigger payloads**—Balanced weight distribution enables you to haul bigger payloads on a Dodge "Job-Rated" truck without danger of overloading. Because the engine has been moved forward and front axle back, the right proportion of the load is carried on each axle.

☒ **Extra comfort**—Famous "Pilot-House" cab gives you safe, all-around vision with extra-big windshield and rear quarter windows. Roomy, "chair-height" seat is widest of any popular truck. New "Oriflow" Shock Absorbers on 1/2, 3/4, and 1-ton models give smoother ride.

☒ **gýrol Fluid Drive**—Only Dodge offers gýrol Fluid Drive. Available on 1/2, 3/4, and 1-ton models. You start with amazing smoothness. Gearshifting is minimized. Wear is reduced on vital parts. And Fluid Drive protects your load by minimizing damaging jolts.

How Dodge trucks are "Job-Rated" to fit your job

A Dodge "Job-Rated" truck is engineered at the factory to provide the best in low-cost transportation. Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load.

**Every load-CARRYING unit**—frame, axles, springs, wheels, and tires—is engineered to provide extra strength and capacity necessary to support the load.

**Every load-MOVING unit**—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered to move the load under most severe operating conditions. A range of over 350 G.V.W. chassis models enables you to select a truck that meets your conditions.

Come in today for a good deal on a DODGE "Job-Rated" TRUCK... low down payment... low monthly payments

## Lone Driver Fatally Hurt in Auto Crash

### Missouri Man Dies En Route to Hospital Here

Gene Lee Wilson, 28, of Portageville, Mo., was fatally injured when his automobile failed to negotiate the turn at Palm Springs junction and ran over the embankment Wednesday morning.

Wilson died en route to Palm Springs Community hospital.

Shock resulting from head and chest injuries caused his death, according to Dr. James E. Potter who pronounced him dead at arrival at the hospital.

Investigating highway patrol officers said either excessive speed caused the fatal accident or Wilson fell asleep at the wheel of his car.

His body was taken to Wiefels and Sons mortuary in Banning where Coroner Ben White's office will conduct an investigation.

There were no witnesses to the crash and Wilson was alone in his automobile. No other cars were involved.

## Generous

### But, Thanks, We Don't Need it

Miss Beverly E. Perdue of Compton is generous but police believe she has the wrong impression. But they admit that she believes in preparedness.

Miss Perdue lost her pocketbook this week. Someone found it and turned it in to police who notified her they had it. It contained some change, personal papers and a rattlesnake antivenom kit.

Writing for her purse, she said: "Return the pocketbook and its contents to me and thanks. But you may keep the rattlesnake kit. Someone might need it."

Police were appropriately grateful but said it had been a long, long time since a kit was needed in the city.

## Rationing

### Gasoline Getting Scarce, Warning

With the metropolitan area more than 100 miles away, the mountain resorts 50 and farther and distance between spots on the desert greater than most places, Villagers looked askance Wednesday at headlines which blazed the threat of gasoline rationing.

Secretary of Interior Chapman said gasoline rationing was a possibility within six to eight months unless the petroleum industry gets enough steel for its needs.

The greatest need was steel for pipes, it was said.

Is your plug overloaded?

Whether it's an equine or electrical plug, the best way to prevent trouble is to avoid overloading. Your electrical plug, for instance, is designed to furnish current safely for a single light or appliance. It is not meant to operate a complicated maze of extension cords and supplemental plugs which dangerously overload circuits. When planning a new home or when remodeling, insist on Certified Adequate Wiring.

Our trained representatives offer a free planning service to assist you with your wiring requirements. A visit to any of our offices will supply you with complete, safe wiring information.

## CALIFORNIA ELECTRIC

POWER COMPANY

## Shriners Get Bid to Stage Event Here

December Ceremonial May be Staged at Polo Grounds

Palm Springs is expected to be host to southern California Shriners for the third time next December when approximately 3000 members of the Mystic Knights will come here for the traditional ceremonial of crossing the burning sands.

The Village bid for the December ceremonial has been filed and there is every indication that the Executive Board of Al Malaikah Temple will approve it said George Wheeler, secretary of the local Shrine club.

**PALM SPRINGS** has thrice before been host to Shriners from all over the southland in the ceremonial. On the two previous occasions, the event was held in the late winter and spring. Both events were climaxed by the traditional Shrine parades which drew great throngs to Palm Canyon drive to watch the many bands and colorful marchers.

**LAST WEEK** Palm Springs city council, in anticipation of the acceptance of the local bid, agreed to waive all fees for use of the Polo Grounds for the Ceremonial except for a nominal charge for cleaning up.

This year's event, if staged here, will come toward the start of the season and bring several hundred additional visitors.

### 'LIFE' CHRISTIAN SCIENCE BIBLE LESSON SUBJECT

The Sunday Lesson-Schmon on "Life" in all Christian Science churches sets forth the benefits which follow as one gains spiritual understanding of the fact that Life is God and hence eternal.

The Golden Text is from Romans (6:23): "The wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord."

Luke's Gospel relates that a certain centurion "when he heard of Jesus, sent unto him the elders of the Jews, beseeching him that he would come and heal his servant," who "was sick, and ready to die." "Then Jesus went with them." But "the centurion sent friends to him, saying unto him, Lord, trouble not thyself; but say in a word, and my servant shall be healed." And they that were sent, returning to the house, found the servant whole that had been sick (7:3,2,6,7,10).

In "Science and Health with Key to the Scriptures" Mary Baker Eddy declares, "Not death, but the understanding of Life, makes man immortal." "Every law of matter or of the body, supposed to govern man, is rendered null and void by the law of Life, God" (pp. 485, 380).

## From Page One—MORE ABOUT TAX CUT

sed values, broadening the tax base. Hicks threw in a word of caution, however. He said his and the supervisors' prediction of a 30-cent cut was based on the preliminary budget which may be changed before final adoption, in August.

He said the grand total of the preliminary budget is about \$15,380,000, approximately \$100,000 higher than last year's total.

**ADDED INCOME** this year, however, will make up the difference.

Last year's board did not have as much income from state and federal sources as this year's board has. Also there are other county income sources and balances from last year's funds to aid in overcoming the difference.

As a result, Hicks said, the total tax load on property this year should be under \$4,000,000. Last year it was \$4,363,379.

## Gerwing's Dual Positions Again Center of Debate

George Gerwing's dual role as county chamber of commerce secretary and coordinator of civil defense broke into the open again last weekend when the Associated Chambers of Commerce of Riverside county met at Idyllwild.

Gerwing's appointment to the defense job was opposed at the start and again during the week. The third argument arose at Sunday's meeting.

**IRWIN HAYDEN**, one of the three supervisors in favor of the double job, protested Sunday when, at a meeting of the Associated Chambers, a letter was read to the directors for their approval before going to the supervisors.

The letter expressing approval of Gerwing's civil defense appointment but "with the mental reservation that civil defense would not interfere with chamber of commerce activities."

**HAYDEN DEFENDED** the appointment and indirectly took a slap at Homer Varner, who with William Jones, opposed the move. W. R. Hillery, vice-president of the association, defended its action and declared that the letter did not indulge in personalities. Then he said the dual role had already been tested at Idyllwild. He was apparently referring to R. M. C. Fullenwider's dual job as manager of the county fair and secretary of the county chamber.

The association then voted to send the letter to the board. Varner was the only supervisor not at the meeting.

## From Page One—MORE ABOUT RESCUE

the edge of the pool she finally discovered the prone figure of Calvin on the bottom in deep water.

**SHE QUICKLY** summoned her husband who dove into the water and brought Calvin to the surface and immediately began to apply artificial respiration. He ordered his wife to telephone the police who in turn relayed the report to the fire department resuscitator squad.

When Firemen Irvin Ritter and Don Myers arrived at the scene Calvin was just beginning to regain consciousness. They applied oxygen and then removed Calvin to the Palm Springs Community Hospital where he spent

## Ask Supervisors to Raise Budget for Fire Stations

Supervisors, their minds made up for a sharp tax rate slash this week were studying a problem—asking cities to pay more taxes for unincorporated area fire protection. They had been asked to increase the fund for fire protection in unincorporated territory from \$205,000 to \$268,300.

The increase would raise the county government tax rate by more than two cents.

State Forest Ranger Truman Holland, who directs the fire protection in the unincorporated territory by virtue of an agreement between county and state, said the increase would give the County complete protection for the first time in its history.

**SUPERVISORS**, however, said they wondered whether they can ask taxpayers in incorporated cities to pay that much additional money to give protection to people dozens of miles away in unincorporated territory.

Supervisors pointed out that the taxpayers in the city get help from the taxpayers in the county when it comes to paying for city fire departments.

Supervisor Beall Barnes said that a big increase "might cause taxpayers in Riverside City and the other cities to give more support" to proposed state legislation that would require unincorporated territories to bear the full cost of their own fire protection.

**THE \$63,000** increase proposed by the state would increase the number of full-time expert fire truck operators by ten throughout the county and would pay for construction work on six fire stations.

Under the agreement between the state and the county, the operators are employees of the state under Holland's direction, but their salaries are paid by the county.

Each station in an unincorporated community usually has one or two operators. And they are, in effect, fire chiefs for that community. They direct and instruct volunteer firefighters.

**THE TEN** additional operators proposed by the state this year would be stationed at North Palm Springs (Garnet), La Quinta, Mecca, Ripley, Glen Avon and Lakeview.

Construction work would be done at Ripley, La Sierra, Palm Desert, North Palm Springs, La Quinta and Mecca.

As the situation now stands, supervisors have agreed to defer a final decision until the official public hearing to be held late next month on the county government budget for the fiscal year that began July 1.

**FIRE PROTECTION** cost have risen steadily in the county for the past few years.

For the 1948-49 fiscal year it was \$129,000; for 1949-50, \$148,000; for 1950-51, \$205,000. For the new fiscal year, if the state request is granted, it will be \$268,300.

**THE NIGHT** Grum and the police calculated that Calvin was at the bottom of the pool for approximately four minutes and if Mrs. Grum had been another minute later in changing to a swim suit, it would have been too late.

## August to be a Busy Month for Events in the Southland

Ostrich races and ye knightly sport of spearing a ring on horseback highlight August events in the Southland, the All-Year Club revealed today.

The All-Year Club, which keeps track of events for the \$366,000, 000-a-year tourist business, also reported there will be egg and balloon races on horseback, a parade of flower festooned doll buggies, and the world's greatest exhibition of silver-saddled Palominos.

Ostriches will race at the Orange County Fair at the former Santa Ana Air Base Aug. 15-19. Four giant birds are being trained.

**THE DANISH** sport of spearing a ring on horseback will be revived during the Danish Days Fiesta at the Danish village of Solvang Aug. 3-5. There will be a breakfast of coffee and Aebleskivers on Main Street.

Santa Barbara holds its famed Old Spanish Days Fiesta Aug. 23-25. The historical parade brings out over 1000 horsemen, with the nation's richest saddle trappings (some in gold).

The mountain community of Pine Valley near San Diego holds its horse show Aug. 5 with a morning of children's events including egg and balloon races on horseback.

**LA MESA** opens its Fiesta de Las Flores Aug. 11-12 with a children's parade of flower-de-

corated doll buggies, bikes, and wagons.

Lake Arrowhead village, a mile high in the San Bernardino mountains, holds an Alpine Days celebration Aug. 22-26 with a yacht race, water ballet, and residents costumed as Swiss, Tyrolean, or Bavarians.

Oceanside celebrates the Days of San Luis Rey, when the nearby old mission was in its heyday, Aug. 31 to Sept. 3 with a fair, square-dancing on a beach pavilion and on ocean swimming race around the pier.

**SAN BERNARDINO** county Fair is scheduled for Victorville Aug. 22-26 and exhibits will illustrate historical events of the county from Indian days, the padres, Mormons, 20 mule teams, and mines to today.

There will be daily harness and quarter horse racing at the San Fernando Valley Fair at Devonshire Downs, Northridge, Aug. 30-Sept. 3.

For the 21st year, the famed La Jolla swimming race will be held Aug. 26 over a one-mile triangular course starting and ending at the cove.

**A FIESTABAHIA** near San Diego Aug. 16-17 will include swim races, water ballet, paddleboard demonstrations, and diving.

The Orange County Dahlia show will be held in Santa Ana Aug. 3-4 and the San Diego County Dahlia show at Balboa

## Irate Parent Gives Officer Trying to Aid Son Bad Time

Property and life saving cops on the local police force have their trials and tribulations come summer or winter.

Officer W. L. Jessup, considered one of the most mild mannered members of the Palm Springs Police force and about whom his brother officers declare that hours and hours of overtime work without pay never stop him from completing his round of duties, "swallowed his tongue" and listened while an ungrateful parent berated him.

**IT HAPPENED** this way: Jessup had seen a 14 or 15 year old slip behind the wheel of a high powered automobile one night this week. The boy had a hard time getting the automobile into the proper gear and before doing so, banged into a wall. After a few more fumbles he finally drove away.

Two nights later the same youngster, entered police headquarters and asked Jessup if he would call a garage and ask that a mechanic be sent to assist him in getting his father's car started. "Do you have a driver's license?" asked Jessup.

**WHEN THE BOY** answered in the negative, Jessup politely asked for the keys to the automobile and informed the youngster to call an adult member of his family to come and get the automobile.

The father soon stormed in. "How long have you been a police officer?" he demanded. "do you know who I am?"

Before Jessup could answer, the irate parent demanded the keys and stormed wrathfully out of the police station.

Jessup didn't say much—but his fellow officers did and are.

**From Page One—MORE ABOUT UNFAIR**

revisors to reduce valuation of the Plaza Properties here from \$487,770 to \$208,312. He also asked that valuation of the Carnell building be reduced from \$81,650 to \$75,000.

Gilford claimed he was representing 1000 members of the Civic League.

**PALM SPRINGS** is by far the county's richest community in property valuation per person, and is second only to Riverside in total valuation.

Palm Springs, with a population of 7428, according to the 1950 Census, has a total valuation of \$27,846,593. Riverside City, with a population about six times as great, has a total valuation only a little more than twice as large as Palm Springs.

Corona has almost 3000 more persons than Palm Springs, but it has less than half the assessed valuation.

## From Page One—MORE ABOUT LEGION

cockpits which heated beyond human endurance with the speed were among things he touched upon.

**RADAR AND GUIDED** missiles have been developed to an astounding point, he said. The warfare of the future may well be a push-button affair, he intimated.

Col. Arnold was with General Joe Stilwell in the China-Burma-India area for six years and told some interesting stories of the two-fisted "Vinegar Joe."

Accompanying Col. Arnold to Palm Springs for the program was Capt. Rex Cowan, formerly advertising manager for The Desert Sun and now in the public information department at MAFB.

**SUN CLASSIFIEDS BRING QUICK RESULTS**

## 10th Anniversary Celebration Held at Hot Springs

Desert Hot Springs played host last Saturday night to a crowd estimated at approximately 400. The occasion was the tenth annual celebration of the founding of the spa.

Swimming in the \$40,000 mineral baths, open air dancing at the ball park and serving of a variety of refreshments were parts of the program. All attending were guests of Mr. and Mrs. C. C. Coffey.

Coffey, veteran realtor and desert developer, in 1941 subdivided the original 132 acres from which Desert Hot Springs developed, reaching an assessed valuation of two million dollars from 1941's original \$250,000.

**FOURTH DISTRICT** Supervisor Homer Varner of Indio and Herbert Eccleston, president of the Desert Hot Springs chamber of commerce, were the principal desert area speakers.

Robert Bennett, president of the Palm Springs Rotary club, acted as master of ceremonies.

## Humidity

It Isn't the Heat Here This Week

Palm Springs and surrounding desert area, in common with all of southern California, sweltered in a week of unusual humidity and heat starting Sunday.

The heat wave was general with rainstorms in the mountains around the Village but none here as of last night. On the other side of the range back of the Village a flash flood followed two inches of rain and the north fork of San Jacinto river was full up, the water pouring into the parched reservoir at Hemet Lake.

Idyllwild had 70 of an inch of rain in 20 minutes during the storm.

Three lightning strikes fires in the Pinon flat and Palm Canyon areas were subdued by forestry service crews Wednesday. The clouds which hovered around the mountains and edges of the area brought warmer-than-usual nights with the minimum Tuesday night falling to below 86° Tuesday and Wednesday brought 110-degree tops to the city.

Members of the U.S. Army 13th Engineer Combat Battalion recently carved a pass out of a Korean clay and rock mountain in less than 48 hours.

## County Chapter ARC, Preparing for Annual Vote

Members of the nominating and annual meeting committees of Riverside County Chapter, American Red Cross, were named at an executive board meeting at the chapter house in Riverside last week (July 16), it was announced yesterday by Mrs. Madge Holderman, Palm Springs member of the board.

Mrs. E. E. Knauer of Corona, Mrs. Robert Reid of Perris and C. W. Dutton, Richard Williams and Mrs. A. Chesney Woodill of Riverside were named to the nominating committee.

The annual meeting committee includes Mrs. John McSweeney of Hemet and Mrs. Roy Lay, Mrs.

## The Desert Sun—5 Palm Springs, Fri., July 20, 1951

Donald Fullerton, Mrs. Woody Gilmore, all of Riverside.

The nominating committee will prepare a slate of officers for the new year and name delegates for the board of directors. There are two delegates from every county branch and an additional delegate for every 300 Red Cross members in any branch.

Members of the executive board in addition to Mrs. Holderman include A. C. Ruisvold and Mrs. McSweeney of Hemet, Mrs. Flora Mueller of Corona, Hazel Cress of Idyllwild, Mrs. Lois Shea of Coachella Valley, James Thompson of Banning, Mrs. Grady Setzler of Blythe, Mrs. Woodill, Fred Younglove, J. R. Gabbert, Edith D'Eliscu, Enos Reid, John McCarthy, Harry Wells, Allen Long, Mrs. J. R. Walker Jr., and Ralph Hughes, all of Riverside.

Both men were hurriedly harvesting their ranch grape crops for market and found the desert during summer time enjoyable. (Desert Sun Photo).

## Shadow Mountain Club Attracts Weekend Throngs

Almost 100 members and their guests enjoyed the Shadow Mountain Club's cocktail party Saturday evening. The club management plans to continue the "7 to 8, all you can drink for \$1 program throughout the summer season. Maynard Strahl, club manager, said, "I hope the people in Coachella Valley turn out even in greater numbers this coming weekend. We have adequate facilities and staff to serve between 150 to 200 dinners very competently."

Following the cocktail hour barbequed chicken and ribs were in heavy demand. Strahl added that even though the Valencia trip is not available this weekend, music will be furnished for dancing.

Around the cocktail tables and dining at the Snake Bar, Mr. and Mrs. William R. Brooks down from Long Beach, chatting with the Terry Malones and their guests Mr. and Mrs. Jerry Good of Alhambra; The Rude Hackborns of Palm Desert. At another table Mr. and Mrs. Ray Rodney Jones were entertaining Mr. and Mrs. Gladstone Kellogg whose home is in San Marino. Mr. and Mrs. Ted Brown were seen enjoying dinner with their guests Mr. and Mrs. W. Compton all of Long Beach. From Indio turning out for a evening of fun

were the Jim Youngs, the Ballard Jenkins and the Drexel Coopers. Dr. Harry E. Stanton, U. S. Army, has been transferred to San Francisco, and a few of his friends were on hand Saturday night to give him the proper send off. They were Dr. and Mrs. Henry Schwartz of San Bernardino, Mr. and Mrs. Wes Seymour of Glendale, Ed Vicupitz and Tomi Case both of Belmont Shores.

These balmy summer evenings find a good many Shadow Mountain Club members using the spacious figure eight pool. The pool's lighting is beautiful at night and the swimming enjoyable.

Sunday night's Travel and Camera Club took a trip with the E. J. Willis family starting in North Dakota and ending in Palm Desert via the Black Hills, Yellowstone Park and the Grand Canyon. Also shown were many points of interest in California. Mr. and Mrs. Willis and son Steve were guests of the club.

## Winter Visitor's Luxurious Yacht at Bottom of Ocean

Villagers were much interested this week in word that Ray E. Dodge's luxuriously appointed yacht, the Rada, was at the bottom of the Caribbean in 100 feet of water off the south coast of Florida.

The Rada, one of the show craft of the Miami area, sank, it was learned today, after striking a submerged object. The report said the mishap occurred at dusk Friday.

**THE YACHT** was under charter to Jose Gomez Mena, Cuban sugar baron. All 12 persons aboard were saved. The Rada sank in 15 minutes. A Cuban pilot was aboard at the time, as well as the Rada's skipper, Capt. George Hampton, who was held blameless. The yacht was south of Santa Cruz at the time.

**THE DODGES**, who have homes in Palm Springs, South Miami and Chicago, have entertained many notables aboard the Rada. Dodge's interests include trophy and emblem manufacturing plants in several cities. They have been prominent in social circles in the Village for several seasons.

## Mrs. Capper Here for Rest

Mrs. Gladys R. Capper came down to the Village from San Francisco last week for a brief rest and will return to the Bay area for a while before coming back to the Village when Bullocks, where she has been for the past four years, re-opens for the new season.

Mrs. Capper has been driving Korean amputees from hospital and homes to the Rehabilitation Center and plans another tour of duty before returning here for the winter.

## Villagers Return from New Mexico

Mr. and Mrs. Lieb Rosen have returned from New Mexico where they visited their son and daughter and families and from visits in Santa Fe and Albuquerque where they lived for many years and have many friends and relatives.

They plan to remain here the remainder of the summer and the new season, of course.

## Many Villagers Spending Summer on Sea Journeys

By JAN and GEORGE OLMAN

**BEST HUSBAND OF THE WEEK** - Herb Burns! While he spends the summer working hard here in the desert - he's sending wife, Gayle, out to see the world! She's now in Denver visiting her family there-then to various cities in Nebraska, to Minneapolis, Chicago, Pittsburg, Washington, Philadelphia, and New York! September 1st Gayle leaves New York on the Pan American President luxury flight to Paris! From that point on, her itinerary includes London, Amsterdam, a trip up the Rhine by steamer to Frankfurt - several days in the fascinating city of Berlin - a flight to Geneva - side-trip to Chamonix for a ride on the famous aerial tramway - tour through Switzerland including the visit to the top of the mighty Jungfrau - from Lucerne through the Italian Lakes to Florence and Rome. Around the middle of October, to the French Riviera - where Gayle and Jan Olman plan to meet and win their fortunes at Monte Carlo (!!) - After that - a short visit in Barcelona, Madrid, and Lisbon - and home in time to re-open the Town and Desert for the season!

**FROM HAWAII** - Edith Eddy Ward was greeted on arrival in the Islands by Duke Kahanamoku - and she's made a date for the Duke and his wife to visit her in Palm Desert in August (in August!) when they will be enroute to New York to appear on Arthur Godfrey's program. She also writes - "Colonel and Mrs. Buddy Fogelson (Greer Garson) were on the President Cleveland also. They gave a cocktail party last night out, and we all had a wonderful time. Mrs. Lou Costello arrived Saturday and I had dinner with her last night. It is certainly nice running into people from Palm Springs. Am having a wonderful time and am planning a trip over to Maui to visit friends for this weekend. Will be home sometime in August."

**THROUGH THE MEDITERRANEAN TO ITALY** and a tour through Europe - Mrs. J. B. McCullough sailed July 14th on the new American Export Liner the INDEPENDENCE for a leisurely cruise to Lisbon, Gibraltar, and Naples. With her sister, she will tour through Europe, and late in September sail from Gibraltar Lines for New York and for her Smoke Tree home. Having been to Europe before, she will act as "guide" for her sister, as it is her first visit abroad.

**LEE AND ERNIE ALSCHULER** are busy planning to escape the Chicago heat (it's warm there too) in August when they fly via EL PRESIDENTE - the Pan American flight to Rio de Janeiro - here they will visit friends - from there to Sao Paulo - Buenos Aires - Santiago, Chile - and several days at Vina del Mar - the beautiful Monte Carlo of the Chilean Riviera - and on to Lima. They'll cruise home from Lima to New York on the Grace Lines SANTA BARBARA arriving in New York October 1st.

**HERE'S AN INTERESTING ROUND THE WORLD TOUR** - Combining steamship and air! Across the Atlantic leaving October 18th - an escorted tour party sails aboard the SS CONSTITUTION - new American liner! Leave the ship at Genoa - visit Italian Riviera and on to Florence - to Siena and Perugia. . . Assisi. Rome. Visit Isle of Capri and famous Blue Grotto. . . said from Naples to Alexandria; Egypt - to Cairo, Beirut, . . . Istanbul. Fly from here to Beirut again and to Delhi, India. . . Bombay. . . Colombo. . . Singapore. . . Djakarta. . . Bali. . . Bangkok. . . Manila. Then board the AMERICAN LINER PRESIDENT WILSON to visit Hong Kong, Japan, Honolulu, and return to Los Angeles Jan. 9th! Combining the best features of luxurious ocean travel on the

Atlantic and Pacific with the convenience and flexibility of deluxe air service between the Mediterranean and the Orient!

**IN HAWAII VACATIONING** - Albert Frey of Clark and Frey Architects, flew via United Air Lines Stratocruiser to Honolulu this past Monday. With the Halekulani Hotel at Waikiki as his headquarters he'll take short visits to the Islands of Kauai, Maui, and Hawaii, before flying home later in August.

**RETURNING TO HAWAII** again this year. Mrs. Gwyneth Cobb and daughter, Caroline, sail on the LURLINE July 25th. Only this time, Mrs. Cobb's mother, Mrs. Fisher, will accompany them! They enjoyed themselves so much last year - Mrs. Fisher can hardly wait to "see personally" all they had been dreaming about since their initial trip!

## Gem Society Picnics in Mountains

Sunday afternoon, at Idyllwild State Park, 72 members of the Shadow Mountain Gem and Mineral society, representing every desert community from Desert Center to Desert Hot Springs, held a picnic and brief meeting. Twelve new members were added during the day, bringing the total membership to 126 paid-up charter members.

In a short meeting, following a gay picnic lunch under the pines, Pres. George Merrill Roy announced that charter memberships were about to close. During the meeting, he introduced "Barney" Barnes, a prominent member of the Orange Coast Mineral society, who invited members of the Shadow Mountain Gem and Mineral society to join in a point field trip with the Coast Society during the annual Orange County Fair in August.

The new mineral society, which was invited to hold its meetings in the Desert Magazine building, so far outgrew the seating facilities of the magazine plant before it ever got to hold a meeting there that arrangements have been made to hold meetings in the Palm Desert Community church. Executive board meetings will be held in the Desert Magazine building.

Pres. Roy, revealed that a section of the new group has Roy pointed out, are also interested in tracing old Indian trails. Roy pointed out, are interested in tracing old Indian trails, picking up occasional arrowheads-which represent prehistoric lapidary work-and investigating campsites. An archaeological section within the mineral society has been organized and will be under the competent leadership of Dr. Ruth Simpson, Assistant Curator of the Southwest Museum. The group has been invited to affiliate itself with the Archaeological Survey Association. It has adopted as a society project, a survey of the cultural remains of the Coachella Valley. Special emphasis will be placed upon attempting to establish the southern boundaries of the Pinto Culture but a general survey will include mapping all established trails, fishing and hunting villages and any other cultural remains existing within the territory covered. Thus members of the mineral society who are interested in this phase of activity will have the opportunity to receive expert guidance and competent instruction in archaeological procedures, in addition to the usual rockhound activities.

Following the picnic lunch, Sunday, the Society as a body attended the Indian ceremonials at the Atwater-Kent Bowl in Idyllwild.

**BIG PLANS**—Mr. and Mrs. Nat Torgan resident managers of the popular Hotel del Tahquitz are shown above with their son Hillard. University of Southern California pre-medical student. The couple have many plans for the operation of the hotel they hope to be put into effect by the time the next season rolls around. Their son Hillard former Rhode Island champion weight tosser is now doing the same for USC. (Photo by Earl O'Day)

## Festival Chorus to Present Next Idyllwild Event

First annual concert of the Festival Chorus of the Idyllwild School of Music and the Arts will be given next Sunday at 5:00 o'clock in the Atwater Kent Bowl at Idyllwild. The chorus of sixty choral directors and high school students has been working for two weeks under the leadership of five prominent choral directors, Mr. Max T. Krone and Dr. Charles C. Hirt of the University of Southern California; Myron Green, San Diego; Milton Young, Glendale; and George Holgate, Oxnard.

The program will include a performance of Kurt Weill's One-act opera, "Down in the Valley," based on American folk tunes, and an "International Salute" consisting of a group of folk songs representing each continent of the world. The International Salute will be the final sequence of a new film about the Idyllwild School of Music and the Arts which is being made this summer.

Choral numbers on the program will be:  
Adoramus Te . . . . . Mozart  
Heavenly Light . . . . . Kopylow  
So Dim With Tears M. Hayden  
Old Abram Brown . . . . . Britten  
Rise Up, My Love . . . . . Willan  
Clouds . . . . . Bircsak  
Chilpanecas . . . . . Mexican Folk Song, Arranged by the  
Krones, Beatrice and Max.  
I Love Little Willie . . . . . Appal-

tended the Indian ceremonials at the Atwater-Kent Bowl in Idyllwild.

The USIS News, a Korean-language newspaper, is distributed daily to more than 90,000 prisoners of war at POW Camp No. 1 in Korea.

## Crist's Visit in Arizona, San Diego

Mr. and Mrs. A. Belden Crist and daughter, Linda Sue, spent the last weekend in Phoenix, Ariz., visiting Mrs. Crist's mother, Mrs. Thomas A. Ferguson, and family. While in Phoenix, they met their niece Sharon Ann Coker, daughter of Mr. and Mrs. Larry Coker, and new nephew, Clarence Ralph Ferguson, son of Mr. and Mrs. Richard R. Ferguson. Mr. Ferguson is a former resident of the Village. They returned sooner than they planned owing to the terrific heat in Phoenix bringing Mrs. Ferguson home with them. On their return they drove to San Diego where they visited with Mrs. Crist's sister and family-Mr. and Mrs. Charles Zimmerman and daughter, Pamela. They plan to spend the remainder of the summer here.

## Mrs. Polly Isenagle on Visit to Texas

Mrs. Polly Isenagle, manager of Palm Springs Tanner Motel, Livery, has gone to Fort Worth, Texas, to be the guest of the W. A. Moncrieffs, winter residents of the Village.

# I Rise to Remark

By CONGRESSMAN JOHN PHILLIPS

As this is written in Washington, the evening papers and the news commentators tell of the breaking off of the Korean negotiations for peace. It may be that they will be resumed, if the press accompany our negotiators. The point for you to consider, with humility, is that we ask the communists if we may bring along the newspaper men. It is to General Ridgeway's credit that he withdrew until this was settled.

I now rise to ask a question of the most ardent pro-administration, anti-MacArthur resident of the 22nd District: Can you, by any stretch of your imagination, conceive of General MacArthur letting himself be maneuvered into a situation where negotiations for a cease-fire agreement could be turned into a communist propaganda show?

IF NATION A is fighting nation B and A is giving B a bad time, so that B suggests talking over cease-fire terms, they may meet in the grounds of A, as evidence of the weakness of B. or if that weakness is not evident, then they meet on neutral grounds, outside the fighting area. They try to meet under conditions which neither can use to its advantage.

Consider the present cease: The United States, carrying 90% of the burden in a so-called United Nations police action, is supposed to have had the advantage over North Korean and Chinese armies. Four or five months ago, General MacArthur, desiring to make an advantage secure, released a public message to the red commander, saying he would meet him to discuss cease-fire terms. That, the nor-

mal action of any commanding general, was one reason Mr. Truman fired General MacArthur.

A FEW DAYS AGO, Mr. Malik, the Russian delegate to the U.N., suggested a meeting in Korea, among the belligerents, to discuss cease-fire terms. This is the same thing MacArthur proposed months earlier. This time however, the state department hurried to accept the deal, with only a gentle statement that it MIGHT be a trap. The first suggestion was that the meeting should be on a Danish island on Kaesong, the only city south of the 38th parallel in their possession. So we are meeting in Kaesong. The state department announced that Kaesong was a free city, undefended and unarmed. The Pentagon, or the CIA, or some military intelligence section gets the refrigerator and the maid service and the trip to the dude ranch for that one; for we discover that Kaesong is an armed city, fully protected, and in the military hands of the reds.

So we ask, I repeat ask, the reds how we shall go to Kaesong and not be shot at. Now note carefully: we are instructed to arrive in jeeps, carrying white flags, AND WE AGREE.

FROM THE DAWN of military history, white flags have been the signs of defeat. Thus the brilliant plan unfolds; we are to arrive, in jeeps carrying white flags, in a city completely inside the military territory of the enemy, through lines of bayoneted enemy soldiers, to be photographed by enemy photographers, and reported by our own newsmen and photographers being present, to discuss cease-fire terms in a conflict we were supposed, from Pentagon reports, to be winning. Slip yourself for a moment to side an Oriental mind. These photographs will be all over Asia in a few days. Which nation do YOU suppose the Asiatic mind will consider the winner, the nation arriving in white-flagged jeeps, without military escort or newsmen, or the nation, on its own grounds, backed by its armies, setting the negotiations place and terms? Did General Ridgeway say we would insist on conditions understandable to all Asia? Well, you decide; what he said was, "I see that we get everything we can."

JUST HOW STUPID and inept and amateurish can a state department get? No, let me change that; just how much longer will the American people stand for a state department which is putting us into a third world war, as sure as day follows night, without the Chinese friendship which alone would have staved off conflict; with few friendships anywhere except those we have tried to buy; unprepared; overwhelmed

## Library Notes

Among the newly published books recently received by the Library we have selected the following for your consideration this week.

Little Men, Big World, by W. R. Burnett. The story of an invisible government that ruled a midwestern city. This crime empire, made up of a handful of men who are the real rulers of the city, controls the politicians and police alike and operates from both sides of the law. A curious police reporter unearths them.

The Chain and the Link, by David Miller. This is a psychological novel set in the period of Napoleon. The central figure is a young Jewish prodigy well versed in Talmudic lore but unequal to the task of marriage. His wife who is deeply in love with him is the chain that binds him and the link that finally leads him to peace.

Fire on the Wind, by David Garth. Wayne Preston returned from the Civil War with a dream of empire. He sensed that lumber and iron could make that dream a reality for the Great Lakes region to which he returned was rich in these. The book is a story of the growth of the Great Lakes region as well as the story of individual growth.

The Pedlocks, by Stephen Longstreet. The chronicle of a large Jewish-American family across some eighty years from with debt; with a falling dollar; with no thought of domestic economy; and now, on top of all this, with this Kaesong debacle? How long?

the Civil War era down to our own times. This is not a "problem" book. It is a novel, the author's intention being only to portray a slice of life.

Roads to Agreement, by Stuart Chase. In this book which is in a sense a continuation of his "The Proper Study of Man-kind," Mr. Chase surveys the field of group dynamics and the various projects now engaged in the study of ways in which man can achieve agreement. The book covers a lot of interesting territory in the social sciences but it is equally important for and interesting to the layman.

Stairway to an Empty Room, by Dolores Hitchens. Against the circumstantial evidence that he killed his wife, his small daughter's voice protests "Daddy didn't do it." Her aunt, the sister of the murdered woman, takes her away to the country to get her out of the environment but the child is almost murdered. There appears to be someone who fears that the child knows too much and will be believed.

## Sam Arner on Trip to Mexico

Sam Arner of the Desert Realty company, Cathedral City, left last Tuesday for an extended trip to Mexico. His office will remain open under the supervision of C. L. McClure, insurance, and Sara Sloan, associate real estate broker.

## Mexican Colony Extends Lead in Softball League

Mexican Colony defended its lead in Desert Softball loop by trimming the Jaycee squad 6 to 2 in a fast game Tuesday night while Desert Hot Springs moved into a tie for second by defeating The Rec 22 to 2 Tuesday at Desert Hot Springs and the Jaycee tripped the 20-30 club by the identical score, 22-2, Wednesday night.

The big game of the week, however, was last Friday night when the Rinky Dink's Frank Deavers let down The Rec without a hit or a run in the first no-hit game in more than two years.

ONLY ONE MAN reached first base against Deavers as the Rinkies played errorless ball behind him. That one man got there on a walk.

Tuesday night the Mexican Colony made more errors than had previously in three games but still won. They batted four. Jaycee fielders only made one but lost.

Bob Ramirez of the MC got the game's only homer.

JAYCEE BATTERS went on a rampage in the last three innings Wednesday night to down the 20-30 club 22 to 2. George McCrystal of the losers and Ted McKinney of the winners hit home-runs. The 20-30 club used three pitchers in an effort to stem the tide but the Jaycees would not be denied.

Large crowds have been turning out for the games and this week's gatherings of the fans topped previous marks.

LINE SCORES for the week follows:

Jayce: Don McKinney, Cole and Willis; Talavera and Hubbs.					

## Sol Lesser

Better Come Back  
to Palm Springs

Sol Lesser take notice. Your friend and neighbor, Edward Small, is back at his Village home despite the fact that winter is long gone and summer in all its blazing glory is with the year-arounders.

Both men are famous independent motion picture producers and a friendly feud exists between them when both are here with families during winter months. One is always trying to outdo the other in the matter of improvements and novel additions to their Las Palmas estate homes.

This week Small informed the Palm Springs police department to abandon their summer patrol around his home.

"I'm back to stay," announced Small.

Lesser may be expected back any day now, that is, if he hears that his neighbor Small has returned and probably about to install something new, like causing ground sweels to roar against the sides of his swimming pool a la Pacific ocean.

Paul Fairweather  
to Preach Sunday

Paul Fairweather, student at Fuller Theological Seminary in Pasadena will occupy the pulpit Sunday morning at Palm Springs Community Church, in the absence of the minister, Dr. James H. Blackstone Jr. The speaker is not a stranger to the Palm Springs congregation, for he supplied the pulpit two Sundays ago and was well received.

## 94 Boys Now Playing Ball in Two Leagues Says Partridge

Frank Partridge, director of the Boys Club, announced completion of a schedule of games for two boys' leagues, the Junior League and the Midget league. He said 94 boys are now playing ball in the two leagues.

In the Junior League, Pete's Pioneers, Cathedral City "Cats" and Caliente Cubs are involved in a brisk battle.

In the Midget league, which takes in boys 8 to 12, are the Kittens, Mighty Midgets and Springers. Since the Cathedral City Junior league club is nicknamed the "Cats", the Midget league entry from Cathedral City is known as the Kittens, Partridge explained.

In the Junior league, Cathedral City and Caliente Cubs meet tonight, the Cats meet Pete's Pioneers next Wednesday the Cubs and Cats tangle Thursday and the Cubs and Pites Friday.

Games are played each Wednesday, Thursday and Friday.

The Midget league gets rolling next Monday with games each Monday and Tuesday night. Next Monday the Springers meet the Kittens and on Tuesday, the Kittens take on the Mighty Midgets.

Standing of the Boys or Junior League up to this week:

Pete's Pioneers	W L Pct	9 0 1000
Cathedral City	6 3 666	
Caliente Cubs	2 7 222	
Leading hitters in the loop (more than 20 times at bat)		
Victor Reyes, Pites		.600
Eugene Prieto, Pites		.588
Manuel Montoya, Pites		.555
John Bunton, Cats		.484
Robert Lewis, Cats		.454
Jack Moore, Pites		.450
Chuck Martin, Cats		.444
Jim White, Cats		.437
Harry Krings, Cats		.421

## Second Round of Blank for Dad, Play Ends Today Record for Son

Second round in Desert Softball loop comes to an end tonight. Games for the coming week of play were listed yesterday by Howard Haddock, recreation director, as follows:

Tonight—The Rec vs. Mexican Colony.

Next Monday—Jaycee vs Rinky Dinks.

Tuesday—Mexican Colony at Desert Hot Springs; The Rec vs 20-30 club.

Wednesday night—The Rec vs. 20-30 club.

Thursday night—The Rec Vs. Jaycee.

Friday night—Rinky Dinks vs. Mexican Colony.

All games, unless otherwise designated, are played at the Polo Grounds.

Robert Blake Now  
at Camp Stoneham

Second Lieutenant Robert S. Blake of Palm Springs is now at Camp Stoneham taking an intensive specialized training course for officers. He is with an officers' reserve unit.

## Better Hunting and Fishing in County Sought

Newly-appointed county Fish and Game commission, meeting at Idyllwild this week, took steps to expand hunting and fishing facilities in the county.

Dr. Raymond L. Johnson, Corona, recommended that the Commission investigate the possibilities of utilizing Lake Mathews for public fishing. Johnson urged that every effort be made to push projects that would afford the maximum use. For that reason, he expressed disapproval of spending money on stream developments where only a small percentage of anglers could benefit.

FOLLOWING Johnson's suggestion, the Commission approved action to reopen the Lake Mathews question to determine what effect hunting and fishing on the lake would have on the water supply.

At this week's meeting, the Commission also requested that a planting of small-mouth bass be made in the Colorado River, near Blythe. V. E. Collier, commissioner from Blythe, recommended this action, stating that sportsmen in the area had long felt a need for introducing this fish species. The request was turned over to the State Division of Fish and Game, who make such plantings.

IN ANOTHER MOVE to survey hunting facilities within the County, the Commission followed up a recommendation made earlier by the County Conser-

## Mark Hopp Tops Batters to Date in Desert Loop

Desert Hot Springs, in second place in the Desert Softball league and Jaycee, down in fourth place, are hogging the top five places in batting standings up to and including last Friday night's game. Howard Haddock who compiled the figures reported.

Standing of the top five:  
Hopp, Jaycee .500  
Santore, DHS .481  
Gautiello, DHS .454  
McKinney, Jaycee .452  
Smith, Jaycee .423  
Jaycee and Desert Hot Springs also have four of the top five home-run hitters. Five are tied for the top with three each. They are: Mark Hopp, JC; Ben Prieto, Mexican Colony; Gautiello, Don Allen, and Santore, Desert Hot Springs.

### DESERT LOOP STANDING

	W L Pct
Mexican Colony	9 1 .900
Rinky Dinks	7 3 .700
Desert Hot Spgs.	7 3 .700
Jaycee	6 5 .565
The Rec.	4 6 .400
20-30 club	1 10 .090

vation group, that a survey of Refuge 4-D be made. Last month, the sportsmen asked that prior to the public hearing on whether the refuge should be opened, that a survey of wildlife be made to determine the fitness of the refuge.

Refuge 4-D was established as a bighorn sheep sanctuary by the California legislature, and covered an area in access of 100,000 acres.

## Rainiers Tangle With Hollywood in Vital Series

Hollywood and Seattle were at it this weekend in the series which may well decide the Pacific Coast League pennant for 1951.

The teams started the series last night with Seattle three games to the good after a disastrous weekend last week when the lowly San Francisco Seals cut the Suds lead over the Stars from five games to two.

It was the first time the Suds had lost a Sunday double-header on their home grounds this season.

Seattle and Hollywood are making a two-club race out of

## Villager in Thick of Korean War

According to letters received by friends here, Pvt. R. I. Flavin, now with Co. H, 7th Cavalry Regiment, is seeing much action in the Korean fighting.

He has been in many of the engagements which have been making headlines.

His mother, Mrs. Barbara M. Flavin, lives at 607 Camino Real.

it with the nearest competitor, Sacramento, 11 games behind. In the American League, the other club which trained here in spring and which, therefore, is being watched by local fans, the Chicago White Sox, were in second place, a game behind Boston and a half game ahead of the New York Yankees.
